Space and Naval Warfare Systems Center Awards Contract

CHARLESTON - EER Systems, Inc., Chantilly, Va., has been awarded a \$5,505,609 cost-plus-fixed-fee, indefinite-delivery/indefinite-quantity contract for engineering, technical, and management support services for Command and Control (C2) Systems program. Technical services in data communication, transmission, distribution and management support in the conduct of a Technical Management Assignment (TMA) and In-Service Engineering Assignment (ISEA) in support of Space and Naval Warfare Systems Command, Command and Control and Communications. C2 systems include but are not limited to Joint Maritime Command Information System (JMCIS) 98 Ashore and Afloat, Global Command and Control System - Maritime (GCCS-M) Information Technology for the 21st Century (IT-21) and associated Joint Systems such as TAC Mobile. Work will be performed at the Contractor's facility in Charleston or SPAWAR Systems Center Charleston (80%), and facilities and ships worldwide (20%), and is expected to be completed by 03 August 2005. Funds do not expire at the end of the fiscal year. This contract contains four one-year options, which, if exercised, will bring the total cumulative value to \$28,315,355. The contract was announced under solicitation N65236-00-R-0700 and posted on the SPAWAR E-Commerce Web Page. Three offers were received and evaluated. The Space and Naval Warfare (SPAWAR) Systems Center Charleston is the contract awarding activity. The contract number is (N65236-00-D-7814).
